SAMSUNG

HANGER'S

Innovation

In terms of the hanger innovation, we have always been in the forefront of hanger industry by holding 8 hanger-related patents (China, USA, Korea and Australia). The most brilliant achievement is that Achino successfully design and manufacture a series of hangers without hooks for Samsung Electronics' high-end clothing care system -- Airdresser™.

WE WON'T LET YOU DOWN

Invited to attend the product press conference of Samsung Airdresser clothing care system.

ACHINO

Calvin Klein

We give what you want

Achino always pays great attention to the hanger design and development, actively provide customers with a variety of effective hanging solutions, like the styles, function, tone, color, materials, and accessories, etc.

We can do it, as long as you can think of it.

Excellent

Fashion Hanger

That should be the case:

- Perfect line in shape
- Outline the style and tone of the clothes

ACHINO

ACHINO

Dance with fashion

Achino workshop precisely design and cut the fancy hanger

The application of 3D modelling concept in hanger design, Achino can rapidly realize the tough requirements from high-end customers. The automatic machine can shape the most smooth shape and line to match the fine fabrics and outperform the clothes.

Outperform

The essence of Achino hanger design is to fully display the characteristics of the clothing.
